Markel Insurance Company Awards Transpro Freight Systems With Their Platinum Plus Status In Safety

Transpro Freight Systems has been honoured with the highest ranking in Safety for the industry by Markel Insurance Company of Canada. The Platinum Plus status puts the company in the top 5% of safe operators, compared to 1000 Canadian carriers in the Markel study.

Silvy Wright, President and CEO of Markel Insurance Company of Canada states, "It is our distinct pleasure to recognize Transpro's commitment to safety and continuous improvement. Particularly their commitment to road safety and the uninterrupted flow of goods in Canada."

Frank Prosia, President of Transpro Freight adds, "Safety is one of our most important concerns and extends to every aspect of our operation. We have taken the measures necessary to develop the training and processes necessary to ensure that our people are safe on the highway and at our facilities. The safety of the other lives we touch across North America is equally important. It's a big responsibility and we give it our utmost attention."

Transpro Freight Systems provides reliable, cost effective solutions for their customers' Transborder LTL and Truckload requirements. They handle both dry goods and perishable products. They also offer warehousing and distribution programs and complement these asset based services with a full range of third party logistics services. The company has all the processes and security programs in place to offer seamless service across North America. The latest technology is in place to provide real time shipment visibility for their customers and the company is both ISO and Smartway certified. To find out more about their services visit their website at www.transprofreight.com.
